

# OWNER'S MANUAL

Safety and Reference

\*LG LED TV applies LCD screen with LED backlights

Please read this manual carefully before operating your set ande retain it for

# Important Safety Instruction

- Read these instructions
- Keep these instructions.
- Heed all warnings
- Follow all instructions.
- Do not use this apparatus near water.
- · Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions
- Do not install near any heat sources such as radiators, heat registers, stoyes, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- · Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- · Only use attachments/accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

By using this product, you agree that all disputes between you and LG arising out of or relating in any way to this product (including but not limited to warranty disputes) shall be resolved exclusively through binding arbitration on an individual basis. The terms of the arbitration agreement (including details on the procedure for resolving disputes) is available at www.lg.com/us/arbitration

# Before reading this manual

- · Read this manual thoroughly before operating your TV, and keep it for future reference
- On the website you can download the manual including installation, using, troubleshooting, specifications, license etc and view its contents on your PC or
- User Guide: For more information about this TV, read the USER GUIDE embedded in the product. (Depending upon model) - To open the USER GUIDE \$ → [\$] → [Support] → [User Guide]
- **Optional Extras**
- Optional extras can be changed or modified for quality improvement without any notification. Contact your dealer for buying these items. These devices work only with certain model
- The model name or design may be changed due to the manufacturer's circumstances or policies.
- Magic Remote Control:
- Check whether your TV model supports Bluetooth in the Wireless Module Specification to verify whether it can be used with the Magic Remote
- A cable to connect antennas and external devices must be purchased separately.

### Note

- Product specifications or contents of this manual may be changed without prior notice due to upgrade of product functions.
- The items supplied with your product may vary depending upon the model.
- · Image shown may differ from your TV.

# Warning! Safety instructions

CAUTION RISK OF ELECTRIC SHOC DO NOT OPEN

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER (OR BACK), NO USER SERVICEABLE PARTS INSIDE. REFER TO QUALIFIED SERVICE

The symbol is intended to alert the user to the presence of uninsulated dangerous voltage within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature Ine symbol is incention accompanying the device.

WARNING: TO REDUCE THE RISK OF FIRE AND FLECTRIC SHOCK, DO NOT EXPOSE THIS PRODUCT TO RAIN OR MOISTURE

- TO PREVENT THE SPREAD OF FIRE, KEEP CANDLES OR OTHER ITEMS WITH. OPEN FLAMES AWAY FROM THIS PRODUCT AT ALL TIMES.
- Do not place the TV and/or remote control in the following
- Keep the product away from direct sunlight.
- An area with high humidity such as a bathroo
- Near any heat source such as stoves and other devices that produce
- Near kitchen counters or humidifiers where they can easily be exposed to steam or oil.
- An area exposed to rain or wind.
- Do not expose to dripping or splashing and do not place objects filled with liquids, such as vases, cups, etc. on or over the apparatus (e.g., on shelves above the unit).
- Near flammable objects such as gasoline or candles, or expose the TV to direct air conditioning.
- Do not install in excessively dusty places.

Otherwise, this may result in fire, electric shock, combustion/explosion

- Install your TV where there is proper ventilation. Do not install in a confined space such as a bookcase.
- Do not install the product on a carpet or cushion
- Do not block or cover the product with cloth or other materials while unit is plugged in.
- Take care not to touch the ventilation openings. When watching the TV for a long period, the ventilation openings may become hot.
- Protect the power cord from physical or mechanical abuse, such as being twisted, kinked, pinched, closed in a door, or walked upon. Pay particula attention to plugs, wall outlets, and the point where the cord exits the
- Do not move the TV whilst the Power cord is plugged in.
- Do not use a damaged or loosely fitting power cord.
- . Be sure to grasp the plug when unplugging the power cord. Do not pull on the power cord to unplug the TV.
- Do not connect too many devices to the same AC power outlet as this could result in fire or electric shock.

- Disconnecting the Device from the Main Power
- The power plug is the disconnecting device. In case of an emergency the power plug must remain readily accessible.
- Do not let your children climb or cling onto the TV. Otherwise, the TV may fall over, which may cause serious injury.
- Outdoor Antenna Grounding (Can differ by country):
- If an outdoor antenna is installed, follow the precautions below An outdoor antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can come in contact with such power lines or circuits as death or serious iniury can occur.
- Be sure the antenna system is grounded to provide some protection against voltage surges and built-up static charges.
- Section 810 of the National Electrical Code (NEC) in the U.S.A. provides information with respect to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna discharge unit, connection to grounding electrodes and requirements for the grounding electrode.
- Antenna grounding according to the National Electrical Code, ANSI/
- Never touch this apparatus or antenna during a lightning storm. You may be electrocuted.
- Make sure the power cord is connected securely to the TV and wall socket if not secured damage to the Plug and socket may occur and in extreme
- Do not insert metallic or inflammable objects into the product. If a foreign object is dropped into the product, unplug the power cord and contact a service center
- Do not touch the end of the power cord while it is plugged in. You may be electrocuted.
- If any of the following occur, unplug the product immediately and contact a service center.
- The product has been damaged.
- If water or another substance enters the product (like an AC adapter power cord, or TV).
- If you smell smoke or other odors coming from the TV
- When lightning storms or when unused for long periods of time Even the TV is turned off by remote control or button. AC power source is connected to the unit if not unplugged in.
- Do not use high voltage electrical equipment near the TV (e.g., a bug zapper). This may result in product malfunction

- . Do not attempt to modify this product in any way without written authorization from LG Electronics. Accidental fire or electric shock can occur. Contact a service center. Unauthorized modification could void the user's authority to operate this product.
- Use only an authorized attachments / accessories approved by LG Flectronics, Otherwise, this may result in fire, electric shock, malfunction or product damage.
- Never disassemble the AC adapter or power cord. This may result in fire or electric shock.
- Handle the adapter carefully to avoid dropping or striking it. An impact
- could damage the adapter To reduce the risk of fire or electrical shock, do not touch the TV with wet
- hands. If the power cord prongs are wet or covered with dust, dry the power plug completely or wipe dust off.
- Store the accessories (battery, etc.) in a safe location out of the reach of children.
- Do not short circuit, disassemble, or allow the batteries to overheat Do not dispose of batteries in a fire. Batteries should not be exposed to excessive heat.
- Caution: Risk of fire or explosion if the battery is replaced by an
- When moving, make sure the product is turned off, unplugged, and all cables have been removed. It may take 2 or more people to carry larger TVs. Do not press or put stress on the front panel of the TV. Otherwise, this may result in product damage, fire hazard or injury.
- Keep the packing anti-moisture material or vinyl packing out of the
- Do not allow an impact shock, any objects to fall into the product, and do not drop anything onto the scree
- Do not press strongly upon the panel with a hand or a sharp object such as a nail, pencil, or pen, or make a scratch on it. It may cause damage to screen.
- Cleaning
- When cleaning, unplug the powercord and wipe gently with a soft/ dry cloth. Do not spray water or other liquids directly on the TV. Do not clean your TV with chemicals including glass cleaner, any type of air freshener, insecticide, lubricants, wax (car, industrial), abrasive, thinner, benzene, alcohol etc., which can damage the product and/ or its panel. Otherwise, this may result in electric shock or product

# Installation

### Lifting and moving the TV

When moving or lifting the TV, read the following to prevent the TV from being scratched or damaged and for safe transportation regardless of its type

- It is recommended to move the TV in the box or packing material that the TV originally came in.
- . Before moving or lifting the TV, disconnect the power cord and all cables. When holding the TV, the screen should face away from you to avoid
- Hold the top and bottom of the TV frame firmly. Make sure not to hold
- the transparent part, speaker, or speaker grille area.
- Use at least two people to move a large TV.
- When transporting the TV, do not expose the TV to jolts or excessive vibration.
- When transporting the TV, keep the TV upright; never turn the TV on its side or tilt towards the left or right
- When handling the TV, be careful not to damage the protruding buttons
- Avoid touching the screen at all times, as this may result in damage to the screen. . Do not place the product on the floor with its front facing down without
- padding. Failure to do so may result in damage to the screen. When attaching the stand to the TV set, place the screen facing down on
- a cushioned table or flat surface to protect the screen from scratches.

### Mounting on the Table

- 1 Lift and tilt the TV into its upright position on a table Leave a minimum of 10 cm (4 inches) space from the wall for proper ventilation.
- 2 Connect the power cord to a wall outlet.
- Do not apply foreign substances (oils, lubricants, etc.) to the screw parts when assembling the product. (Doing so may damage the product.) · Do not use any unapproved items to ensure the safety and lifespan of
- · Any damages or injuries by using unapproved items are not covered by
- If you install the TV on a stand, you need to take actions to prevent the product from overturning. Otherwise, the product may fall over, which may cause injury.
- When assembling the stand, ensure that all of the provided screws are attached. If the screws are not fully tightened, the product may tilt or tip over, resulting in damage. Tightening the screws with excessive force may cause them to come off due to abrasion of the screw joint.

# Securing TV to the Wall

- 1 Insert and tighten the eye-bolts or TV brackets and bolts on the back of
- · If there are bolts inserted at the eye-bolts position, remove the bolts
- 2 Mount the wall brackets with the bolts to the wall. Match the location of the wall bracket and the eye-bolts on the rear of the TV. 3 Connect the eve-bolts and wall brackets tightly with a sturdy rope or
- cable. Make sure to keep the rope parallel to the flat surface. . Use a platform or cabinet that is strong and large enough to support the

Brackets, bolts, and ropes are optional. You can obtain additional

# Mounting to the Wall

An optional wall mount can be used with your LG Television. Consult with your local dealer for a wall mount that supports the VESA standard used by your TV model. Carefully attach the wall mount bracket at the rear of the TV Install the wall mount bracket on a solid wall perpendicular to the floor. If you are attaching the TV to other building materials, please contact qualified personnel to install the wall mount. Detailed instructions will be included with the wall mount. We recommend that you use an LG brand wall mount The LG wall mount is easy to adjust or to connect the cables. When you do not use IG's wall mount bracket, use a wall mount bracket where the device is adequately secured to the wall with enough space to allow connectivity to external devices. If you are using a non-adjustable mount, attach the mount to the wall. Attach the cables to the TV first, then attach the TV to the mount.

- · Remove the stand before installing the TV on a wall mount by performing the stand attachment in revers
- · For more information of screws and wall mount bracket, refer to the Separate Purchase.
- If you intend to mount the product to a wall, attach VESA standard mounting interface (optional parts) to the back of the product. When you install the set to use the wall mounting bracket (optional parts), fix it carefully so as not to drop.
- · When mounting a TV on the wall, make sure not to install the TV by hanging the power and signal cables on the back of the TV.
- Do not install this product on a wall if it could be exposed to oil or oil mist. This may damage the product and cause it to fall.
- When installing the wall mounting bracket, it is recommended to cover the stand hole using tape, in order to prevent the influx of dust and insects, (Depending upon model).

#### Antenna/Cable

Turning on the TV

You can simply operate the TV functions, using the button.

LG

Connect an antenna, cable, or cable box to watch TV while referring to the following. The illustrations may differ from the actual items and an RF cable

- Make sure not to hend the conner wire of the RF cable
- Complete all connections between devices, and then connect the power cord to the power outlet to prevent damage to your TV.
- Use a signal splitter to use 2 TVs or more
- DTV Audio Supported Codec: MPEG, Dolby Digital
- This TV cannot receive Ultra HD (3840 x 2160 pixels) broadcasts directly because the related standards have not been confirmed (Depending

# Starting TV

ower On (Press)

Menu Control (Press<sup>2)</sup>)

ower Off<sup>1)</sup> (Press and Hold)

Menu Selection (Press and Hold3)

All running apps will close.

You can access and adjust the menu by pressing the button when TV is on.

3) You can use the function when you access menu contro

#### Note

- When the TV is turned on for the first time after being shipped from the factory, initialization of the TV may take approximately one minute
- Your TV's OSD (On Screen Display) may differ slightly from that shown in this manual (Depending upon model)
- The device must be easily accessed to a location outlet near the access. Some devices are not made by turning on / off button, turning off the device and unplugging the power cord (Depending upon model).

### Connections

You can connect various external devices to the TV. For more information on external device's connection, refer to the manual provided with each device.

- When connecting the HDMI cable, the product and external devices should be turned off and unplugged.
- Supported HDMI Audio format (Depending upon model): True HD (48 kHz).

DTS (44 1 kHz / 48 kHz / 88 2 kHz / 96 kHz)

Dolby Digital / Dolby Digital Plus (32 kHz / 44.1 kHz / 48 kHz), PCM (32 kHz / 44.1 kHz / 48 kHz / 96 kHz / 192 kHz),

#### DTS-HD (44.1 kHz / 48 kHz / 88.2 kHz / 96 kHz / 176.4 kHz / 192 kHz)

- ✓ Note • If the device connected to Input Port also supports HDMI Deep Color, your picture may be clearer. However, if the device doesn't support it, it may not work properly. In that case, change the TV's [HDMI Deep Color]
- setting to off (Depending upon model).  $\bullet \otimes \to [\otimes] \to [General] \to [External Devices] \to [HDMI Settings]$
- → [HDMI Deep Color] (Depending upon model). • Use a certified cable with the HDMI logo attached. If you do not use a certified HDMI cable, the screen may not display or a connection error
- Recommended HDMI cable types (3 m (9.84 feet) or less)

## Ultra High Speed HDMI<sup>®</sup>/™ cable USR

Some USB Hubs may not work. If a USB device connected through a USB Hub is not detected, connect it directly to the USB port on the TV. (Depending upon model)

- For an optimal connection, HDMI cables and USB devices should have bezels less than 10 mm (0.39 inches) thick and 18 mm (0.7 inches) width. (Depending upon model)
- Use an extension cable that supports USB 2 Oif the USB cable or USB flash drive does not fit into your TV's USB port

#### IR Blaster

Control the set-top box (cable/satellite/IP/OTT), Blu-ray/DVD player. soundbar, game consoles, etc., using the IR Blaster (Depending upon country) (Depending upon model).

# Note Note

- Connect the IR Blaster cable to the TV's IR Blaster port
- Use universal control settings to control the device. · Secure the IR Blaster with the 3M tape provided.
- In order to control external devices through "Room to Room Share" and

#### **External Devices**

Supported external devices are: Blu-ray player, HD receivers, DVD players, VCRs, audio systems, USB storage devices, PC, gaming devices, and other external devices. For more information on external device's connection, refer to the manual provided with each device.

"Hands-free Voice Control", an IR blaster connection is required.

- · The external device connections shown may differ slightly from
- illustrations in a manual. • In PC mode, there may be noise associated with the resolution, vertical pattern, contrast or brightness. If noise is present, change the PC output to another resolution, change the refresh rate to another rate or adjust the brightness and contrast on the [Picture] menu until the picture is clear. Depending upon the graphics card, some resolution settings may

not allow the image to be positioned on the screen properly.

Internet transmission. (Only when LAN port is provided.)

When connecting to a wired LAN, use a CAT 7 cable with high-speed

. The TV may be capable of operating without a set-top-box from a

multichannel video programming distributor (MVPD).

Remote RS-232C setup To obtain the RS-232C external control setup information, please visit www. Iq.com. Download and read the manual, (Depending upon model

- Do not drop the product or let it fall over when connecting external devices. Otherwise, this may result in injury or damage to the product.
- When connecting external devices such as video game consoles, make sure the connecting cables are long enough. Otherwise, the product may fall over, which may cause injury or damage the product.

### Troubleshooting

IN TV / HDMT INPUT, press the (4) bu	tton on the remote control three times to display the model name and serial number on the screen.
Cannot control the TV with	<ul> <li>Check if anything such as tape has been placed over the receiver.</li> </ul>
the remote control.	<ul> <li>Check if there is any obstacle between the product and the remote control.</li> </ul>
	Replace the batteries with new fresh ones.
No image display and no	Check if the product is turned on.
sound is produced.	Check if the power cord is connected to a wall outlet.
	<ul> <li>Check if there is a problem in the wall outlet by connecting other products.</li> </ul>
The TV turns off suddenly.	Check the power control settings. The power supply may be interrupted.
	<ul> <li>Check if the auto-off function is activated on the settings related time.</li> </ul>
	<ul> <li>The auto-off function may have worked. This product is equipped with an auto-off function that automatically turns off the power if the remote control is not used for 15 minutes without an input signal.</li> </ul>
Abnormal Display	<ul> <li>If the product feels cold to the touch, there may be a small "flicker" when it is turned on. This is normal, there is nothing wrong with product.</li> </ul>
	<ul> <li>This panel is an advanced product that contains millions of pixels. You may see tiny black dots and/or brightly colored dots (red. blue or green) at a size of 1 ppm on the panel. This does not indicate a malfunction and does not affect the performance and reliability of the product. This phenomenon also occurs in third-party products and is not subject to exchange or refund.</li> </ul>
	<ul> <li>You may find different brightness and color of the panel depending upon your viewing position(left/right/ top/down). This phenomenon occurs due to the characteristic of the panel. It is not related with the product performance, and it is not malfunction.</li> </ul>
	<ul> <li>Avoid touching the screen or holding your finger(s) against it for long periods of time. Doing so may produce some temporary distortion effects on the screen.</li> </ul>
	<ul> <li>Displaying a still image for a prolonged period of time may cause an image sticking. Avoid displaying a fixed image on the TV screen for a extended length of time.</li> </ul>
Generated Sound	Cracking noise A cracking noise that occurs when watching or turning off the TV is generated by plastic thermal contraction due to temperature and humidity. This noise is common for products where thermal deformation is required.
	<ul> <li>Electrical circuit humming/panel buzzing A low level noise is generated from a high-speed switching circuit, which supplies a large amount of current to operate a product. It varies depending upon the product. This generated sound does not affect the performance and reliability of the product.</li> </ul>

· When cleaning the product, be careful not to allow any liquid or foreign objects to enter the gap between the upper, left or right side of the panel and the quide panel. (Depending upon model).

- · Make sure to wring any excess water or cleaner from the cloth
- · Do not spray water or cleaner directly onto the TV screen
- Make sure to spray just enough of water or cleaner onto a dry cloth to wipe the screen

# Regulatory

#### FCC NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause mful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference and (2) this device must accept any interference received including interference that may cause undesired operation. Any changes or modifications in construction of this device which are not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment, and For indoor use only, use outdoors or in other modes not covered by this manual may violate the FCC regulation and violate the user authority to use the product.

#### FCC Radio Frequency Interference Requirements (for UNII devices)

High power radars are allocated as primary users of the 5.25 to 5.35 GHz and 5.65 to 5.85 GHz bands. These radar stations can cause interference with and/or damage this device. This device cannot be co-located with any other transmitte

### **FCC RF Radiation Exposure Statement**

(For having wireless function (WLAN, Bluetooth,...))

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with minimum distance 20 cm (7.8 inches) between the antenna and your body. Users must follow the specific operating instructions for satisfying RF exposure compliance.

NOTE THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT, SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

#### NOTE TO CARLE/TV INSTALLER

This reminder is provided to call the CATV system installer's attention to Article 820-40 of the National Electric Code (U.S.A.). The code provides guidelines for proper grounding and, in particular, specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of the cable

### WARNING! (STABILITY HAZARD)

A television set may fall, causing serious personal injury or death. Many injuries, particularly to children, can be avoided by taking simple precautions such as:

- ALWAYS use cabinets or stands or mounting methods recommended by the manufacturer of the television set.
- ALWAYS use furniture that can safely support the television set.
- ALWAYS ensure the television set is not overhanging the edge of the supporting furniture. ALWAYS educate children about the dangers of climbing on furniture to reach the television set or its controls
- ALWAYS route cords and cables connected to your television so they cannot be tripped over, pulled or grabbed.
- NEVER place a television set in an unstable location.
- NEVER place the television set on tall furniture (for example, cupboards or bookcases) without anchoring both the furniture and the television set to a
- NEVER place the television set on cloth or other materials that may be located between the television set and supporting furniture
- NEVER place items that might tempt children to climb, such as toys and remote controls, on the top of the television or furniture on which the television

If the existing television set is going to be retained and relocated, the same considerations as above should be applied.

- The remote control vary depend of model: The buttons on the remote control may have a different name or location than the remote control shows in this manual
  - The cables mentioned in this guide is not supplied with your unit

- · Using Always Ready may increase energy consumption
- . For models with motion sensors, such as G3, if you set screen on with the motion sensor, the TV will turn on by recognising the motion.
- For more information about the feature, refer to the (®) → [(®)]  $\rightarrow$  [Support]  $\rightarrow$  [User Guide]  $\rightarrow$  [Troubleshooting]  $\rightarrow$  [Learn More About Always Ready)

#### **Connecting Smart Devices using NFC Tagging**

NFC is technology that uses Near Field Communication (13.56 MHz). allowing you to conveniently send and receive information without separate settings. By bringing a smart device near the NFC-enabled remote control, you can install the LG ThinQ app and connect the device

- 1 Turn on NFC in the smart device's settings. To use NFC with Android devices, set the NFC option to enable 'read/write tags' in the smart device's settings. The NFC settings may vary depending upon the
- 2 Bring the smart device near the N (NFC) on the remote control. The required distance for NFC tagging is about 1 cm (0.39 inches). 3 Follow the instructions to install the LG ThinO app on your smart
- 4 Retagging the smart device to the remote control allows you to conveniently access various features on the connected TV through the LG ThinO ann.

• This feature is available for NFC-enabled smart devices only.

This feature is only available if the remote control has an NFC logo.

#### REFURBISHED PRODUCT LIMITED NINETY DAYS WARRANTY

The Refurbished Product Service Center offers the following WARRANTY to the ORIGINAL purchaser of a product which we

This product that has been refurbished is warranted against any electronic or mechanical defects for a period of NINETY DAYS from the date of the original purchase by the consumer. Since this unit was sold as a refurbished item, the warranty does not apply to any cosmetic appearance items such as scratches. Should a defect occur, the *Refurbished Product Service* Center will repair or, at its option, replace defective unit/parts with new or rebuilt materials without charge for either parts or labor. Replacement unit/parts will be warranted for the remaining portion of the original

warranty period. This warranty does not cover installation or damage from accident, misuse, abuse, improper wiring, incorrect voltage, operating the unit against the instructions in the owner's manual or any product

which has been opened, altered, or tampered with. This warranty does not cover costs for removal and or installation of the unit for repair. Under no circumstances shall the service center be liable for any special, incidental or consequential damages or for any other expenses incurred by reason of use or sale of this product. This warranty is in lieu of any other warranties expressed or implied warranty of merchantability of fitness for

particular use or otherwise. This warranty gives the consumer specific legal rights and they may also have other rights which vary from State to State. Some States do not follow the exclusion or limitation of incidental or consequential damages, hence the above exclusion and limitations may not apply.

13225 Marquardt Avenue Santa Fe Springs, CA 90670.

# WARRANTY REPAIR INFORMATION

If you need service on your unit and this product requires repair during the 90 days warranty period; please go to www.ConsumerServiceRefurbish.com or call the Refurbished Product Service Center at 562-946-3531 to obtain the required return authorization (RA) number. Pack the unit properly (the original carton is ideal for this purpose) along with a copy of your purchase receipt and a letter describing the problem. Send the unit freight prepaid and insured to:

Refurbished Product Service Center,

Att: Customer Service Department 13225 Marquardt Avenue Santa Fe Springs, CA 90670
Your unit will be promptly repaired and returned to you.
We will refuse to accept delivery of the returned unit unless the assigned RA number appears on the outside of the shipping
