

814100195

Please read this manual carefully before operating your unit and retain for future reference.

SAFETY INFORMATION

- The following also applies to the Wireless Subwoofer (PS-WC40T) and Wireless Surround Speaker SET (SWA-9100).

SAFETY WARNINGS

TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK).

NO USER-SERVICEABLE PARTS ARE INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

Refer to the table below for an explanation of symbols which may be on your Samsung product.

	CAUTION RISK OF ELECTRIC SHOCK. DO NOT OPEN.	
	This symbol indicates that high voltage is present inside. It is dangerous to make any kind of contact with any internal part of this product.	
	This symbol indicates that this product has included important literature concerning operation and maintenance.	
	Class II product : This symbol indicates that a safety connection to electrical earth (ground) is not required. If this symbol is not present on a product with a power cord, the product MUST have a reliable connection to protective earth (ground).	
	AC voltage : Rated voltage marked with this symbol is AC voltage.	
	DC voltage : Rated voltage marked with this symbol is DC voltage.	
	Caution. Consult Instructions for use : This symbol instructs the user to consult the user manual for further safety related information.	

WARNING

- To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.
- To prevent injury, this apparatus must be securely attached or set on top of a solid surface/wall in accordance with the installation instructions.
- This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

CAUTION

- Do not expose this apparatus to dripping or splashing. Do not put objects filled with liquids, such as vases, on the apparatus.
- To turn this apparatus off completely, you must pull the power plug out of the wall socket. Consequently, the power plug must be easily and readily accessible at all times.

FCC Compliance Statement :

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution :

- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
- This product satisfies FCC regulations when shielded cables and connectors are used to connect the unit to other equipment. To prevent electromagnetic interference with electric appliances, such as radios and televisions, use shielded cables and connectors for connections.

Class B FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorienting or relocating the receiving antenna.
- Increasing the separation between the equipment and receiver.
- Connecting the equipment to an outlet that is on a different circuit than the radio or TV.
- Consulting the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement :

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated so there is at least 8 inches (20 cm) between the radiator and your body. This device and its antenna(s) must not be co-located or operated in conjunction with any other antenna or transmitter.

CALIFORNIA USA ONLY (Applicable for networking models only.)

This Perchlorate warning applies only to primary CR(Lithium Dioxide) Lithium coin cells in the product sold or distributed ONLY in California USA "Perchlorate Material - special handling may apply, See www.dtsc.ca.gov/hazardouswaste/perchlorate."

Dispose unwanted electronics through an approved recycler. To find the nearest recycling location, go to our website: www.samsung.com/recycling Or contact a service center.

Important Safety Instructions

Read these operating instructions carefully before using the unit. Follow all the safety instructions listed below. Keep these operating instructions handy for future reference.

- Read these instructions.
- Keep these Instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not alter in any way the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

PRECAUTIONS

- Ensure that the AC power supply in your house complies with the power requirements listed on the identification sticker located on the bottom of your product. Install your product horizontally, on a suitable base (furniture), with enough space around it for ventilation (3~4 inches). Make sure the ventilation slots are not covered. Do not place the unit on amplifiers or other equipment which may become hot. This unit is designed for continuous use. To fully turn off the unit, disconnect the AC plug from the wall outlet. Unplug the unit if you intend to leave it unused for a long period of time.
- During thunderstorms, disconnect the AC plug from the wall outlet. Voltage peaks due to lightning could damage the unit.
- Do not expose the unit to direct sunlight or other heat sources. This could lead to overheating and cause the unit to malfunction.
- Protect the product from moisture (i.e. vases), and excess heat (e.g. a fireplace) or equipment creating strong magnetic or electric fields. Unplug the power cable from the AC wall socket if the unit malfunctions. Your product is not intended for industrial use. It is for personal use only. Condensation may occur if your product has been stored in cold temperatures. If transporting the unit during the winter, wait approximately 2 hours or until the unit has reached room temperature before using.

- The battery used with this product contains chemicals that are harmful to the environment. Do not dispose of the battery in the general household trash. Do not expose the battery to excess heat, direct sunlight, or fire. Do not short circuit, disassemble, or overheat the battery. **CAUTION** : Danger of explosion if the battery is replaced incorrectly. Replace only with the same or equivalent type.

CHECKING THE COMPONENTS

Soundbar Main Unit / Subwoofer / Power Cord (Subwoofer, Soundbar) / Optical Cable / Holder-Screw / Bracket-Wall Mount / Screw (M4 x L10) / Remote Control (Batteries not included)

Wireless Surround Speaker SET (SWA-9100)
Wireless Receiver Module / Surround Speaker / Power Cord / Speaker Cable

Accessory type and quantity may vary depending on the model.

NOTES

- For more information about the power supply and power consumption, refer to the label attached to the product. (Label: Bottom of the Soundbar Main Unit)
- To purchase additional components or optional cables, contact a Service Center.
- Design and specifications are subject to change without prior notice.

PRODUCT OVERVIEW

Front Panel / Top Panel of the Soundbar

- Display**
Press the  (Source) button and the mode to be changed appears on the display. (D.IN / BT / USB)

Bottom Panel of the Soundbar

- POWER**
Connect the Soundbar's AC power cable.
- DIGITAL AUDIO IN (OPTICAL)**
Connect to the digital (optical) output of an external device.
- USB (5V 0.5A)**
Connect a USB device here to play music files stored on the USB device through the Soundbar.

The images shown here are for illustrative purposes only and may be subject to change, the actual descriptions of control panel and their locations may vary depending on the model.

CONNECTING THE SOUNDBAR

Connecting the power and units

- For more information about the required electrical power and power consumption, refer to the label attached to the product. (Label: Bottom of the Soundbar Main Unit)

- The LINK LED indicator stops blinking and glows a solid blue when a connection is established between the Soundbar and the Wireless Subwoofer.

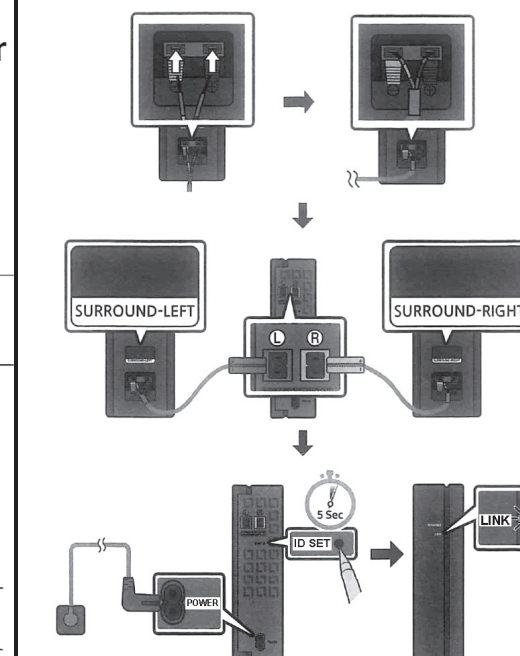

NOTES

- If you use a device that uses the same frequency (5.8GHz) as the Soundbar near the Soundbar, interference may cause some sound interruption.
- The maximum transmission distance of the main unit's wireless signal is about 32.8 ft (10 m), but may vary depending on your operating environment.

Connecting an SWA-9100 to your Soundbar

1 → 2 → 3 → 4

1 Wireless Receiver Module

The image shown here is for illustrative purposes only and may be subject to change. The actual number of ports and their locations may vary depending on the model.

- Remote Control**
 5Sec
First, press the button on the remote control to turn on the display, and then press the **Up** button on the remote control for at least 5 seconds.

3 Soundbar	
4 Connection complete	The LINK LED indicator stops blinking and glows a solid blue (connection complete).

NOTE

- If the SWA-9100 does not connect, take the necessary steps according to the LED Indicator's status.

CONNECTING WITH A CABLE

NOTES

- When you use an optical cable and the terminals have covers, be sure to remove the covers.
- When using an optical cable, it must be set to "D.IN" mode.

CONNECTING WIRELESSLY

Connecting a TV or Bluetooth Device via Bluetooth

What is the difference between BT READY and BT PAIRING?

- BT READY** : In this mode, you can search for previously connected TVs or connect a previously connected mobile device to the Soundbar.
- BT PAIRING** : In this mode, you can connect a new device to the Soundbar. (Press the **PAIR** button on the remote control or press and hold the **(Source)** button on the top of the Soundbar for more than 5 seconds while the Soundbar is in "BT" mode and in "BT READY" state.)

NOTES

- If asked for a PIN code when connecting a Bluetooth device, enter <0000>.
- If the Soundbar is not found on your TV's Bluetooth device list due to influences from the surrounding environment, refer to "Soundbar does not appear on the Bluetooth device list of the TV." in "06 TROUBLESHOOTING".

USING THE REMOTE CONTROL

- Power button**
- (Source) button**
Press to select a source connected to the Soundbar.
- Bluetooth PAIR button**
Switch the Soundbar to Bluetooth pairing mode.
- Up/Down/Left/Right buttons**
- Play / Pause button**
- (Mute) button**
- SOUND MODE button**
You can select the desired sound effect.
- (Info) button**
Press the button to display information about the current function.
- Volume button**
- WOOFER (BASS) LEVEL button**
Push the button up or down to adjust the level of the woofer (bass).
- CH LEVEL button**
When pressed, the settings VIRTUAL CENTER LEVEL is displayed in sequence. The desired settings can be adjusted using the Up/Down buttons.
 - When the Rear Speakers (sold separately) are connected, the setting REAR LEVEL is supported.
- (Sound Control) button**
When pressed, the settings AUDIO SYNC, VOICE ENHANCE ON/OFF, and NIGHT MODE ON/OFF are displayed in sequence. The desired settings can be adjusted using the Up/Down buttons.
- TONE CONTROL button**
When pressed, the settings TREBLE, and BASS are displayed in sequence. The desired settings can be adjusted using the Up/Down buttons.

The remote control vary depend of model: The buttons on the remote control may have a different name or location than the remote control shows in this manual.

(Batteries not included)

INSTALLING THE WALL MOUNT

Installation Precautions

- Install on a vertical wall only.
- Do not install in a place with high temperature or humidity.
- Verify whether the wall is strong enough to support the product's weight. If not, reinforce the wall or choose another installation point.
- Purchase and use the fixing screws or anchors appropriate for the kind of wall you have (plaster board, iron board, wood, etc.). If possible, fix the support screws into wall studs.
- Purchase wall mounting screws according to the type and thickness of the wall you want to mount the Soundbar on.
 - Diameter: M5
 - Length: 1 3/8 inches (35 mm) or longer recommended.
- Connect cables from the unit to external devices before you install the Soundbar on the wall.
- Make sure the unit is turned off and unplugged from the power source before you install it. Otherwise, it may cause an electric shock.

IMPORTANT NOTES ABOUT SERVICE

- Figures and illustrations in this User Manual are provided for reference only and may differ from actual product appearance.
- An administration fee may be charged if either:
 - An engineer is called out to your home at your request and there is no defect in the product.
 - You bring the unit to a repair center and there is no defect in the product.
- You will be advised of the amount of the administration fee before any work is done or a home visit is made.
- If you have a problem with this product, we strongly recommend you read the appropriate section of this manual, contact a service center.

SPECIFICATIONS AND GUIDE

Specifications

Model Name	USB
HW-C47M	5V/0.5A
Weight	Dimensions (W x H x D)
3.1 lbs (1.4 kg)	33.8 x 2.3 x 3.0 inches (858.8 x 59.0 x 75.0 mm)
Operating Temperature Range	Operating Humidity Range
+41°F to +95°F (+5°C to +35°C)	10% ~ 75%

AMPLIFIER

Rated Output power
40W x 2, 6 ohm

Supported play formats

(DTS 2.0 sound is played in DTS format.)
LPCM 2ch, Dolby Audio™ (supporting Dolby® Digital), DTS

Subwoofer Name

PS-WC40T

Weight

9.7 lbs (4.4 kg)

Dimensions (W x H x D)

7.1 x 13.5 x 10.7 inches
(181.5 x 343.0 x 272.0 mm)

AMPLIFIER

Rated Output power
130W

Wireless Surround Speaker SET Name

SWA-9100

Weight

1.5 lbs (0.7 kg)

Dimensions (W x H x D)

2.0 x 7.9 x 5.2 inches
(50.0 x 201.3 x 132.0 mm)

Surround Speaker

2.6 lbs (1.2 (0.6 x 2) kg)

Surround Speaker

3.4 x 5.8 x 3.4 inches
(87.5 X 147.0 X 87.5 mm)

Operating Temperature Range

+41°F to +95°F (+5°C to +35°C)

Operating Humidity Range

10% ~ 75%

Frequency range

20Hz-20kHz

NOTES

- Samsung Electronics Co., Ltd reserves the right to change the specifications without notice.
- Weight and dimensions are approximate.

TROUBLESHOOTING

Refer to the instructions below if this product does not function properly. If the problem you are experiencing is not listed below or if the instructions below do not help, turn off the product, disconnect the power cord, and contact service center.

Soundbar does not turn on.

- Check whether the power cord of the Soundbar is correctly inserted into the outlet.

Subwoofer does not connect automatically.

- Follow the steps below to connect the subwoofer manually.

1. Rear of Subwoofer

2. Remote Control

3. Soundbar

4. Connection complete

The LINK LED indicator stops blinking and glows a solid blue (connection complete).

Soundbar works erratically.

- After removing the power cord, insert it again.
- Power the external device off/on and try again.
- If there is no signal, the Soundbar automatically turns off after a certain period of time. Turn on the power.

If the remote control does not work.

- Point the remote directly at the Soundbar.
- Replace the batteries with new ones.

Soundbar does not output any sound.

- The volume of the Soundbar is too low or muted. Adjust the volume.
- When any external device (STB, Bluetooth device, mobile device, etc.) is connected, adjust the volume of the external device.
- For sound output of the TV, select Soundbar. (Samsung TV: Home () → Menu → Settings () → All Settings () → Sound → Sound Output → Select Soundbar)
- Remove the cable from the Soundbar and then reconnect it.

Subwoofer does not output any sound.

- Check whether the LED on the rear of the Subwoofer lights in blue. Reconnect it when the blue LED blinks or the red LED lights.

Soundbar does not connect via Bluetooth.

- When connecting a new device, switch to "BT PAIRING" for connection. (Press the **PAIR** button on the remote control or press the **(Source)** button on the top of the soundbar for at least 5 seconds.)
- Reconnect it after removing the Bluetooth speaker list on the device to connect. (Samsung TV: Home () → Menu → Settings () → All Settings () → Sound → Sound Output → Bluetooth Speaker List)

Soundbar does not appear on the Bluetooth device list of the TV.

- Disconnect the power cord of the Soundbar completely and reconnect, and then try searching again.
- Connect the TV and Soundbar with an optical cable, and select the "D.IN" mode by pressing the **(Source)** button on the top of the Soundbar. See if the audio output works normally, and try searching again.

Sound drops out when connected via Bluetooth.

- Some devices can cause radio interference if they are located too close to the Soundbar. e.g. microwaves, wireless routers, etc.
- If your device that is connected via Bluetooth moves too far away from the Soundbar, it may cause the sound to drop out. Move the device closer to the Soundbar.
- If a part of your body is in contact with the Bluetooth transceiver or the product is installed on metal furniture, sound may drop out. Check the installation environment and conditions for use.

Soundbar does not turn on automatically with the TV.

- When you turn off the Soundbar while watching TV, power synchronization with the TV is disabled. First turn off the TV.
