Panasonic Basic Owner's Manual Blu-ray Disc[™] Player

814100231

Thank you for purchasing this product.

Please read these instructions carefully before using this product, and save this manual for future use.

IMPORTANT SAFETY INSTRUCTIONS

Read these operating instructions carefully before using the unit. Follow the safety instructions on the unit and the applicable safety instructions listed below. Keep these operating instructions handy for future reference.

- 1 Read these instructions
- Keep these instructions
- Heed all warnings.
- Follow all instructions
- Do not use this apparatus near water. Clean only with dry cloth.

- 7 Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
 8 Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that
- 9 Do not defeat the safety purpose of the polarized or Do not deteat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10 Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11 Only use attachments/accessories specified by the manufacturer. 12 Use only with the cart, stand, tripod,
- bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over. 13 Unplug this apparatus during lightning

storms or when unused for long periods of time. 14 Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL The lightning flash with arrowhead symbol, within an

equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within ne product's enclosure that may be of sufficient nagnitude to constitute a risk of electric shock to persons

The exclamation point within an equilateral triangle is operating and maintenance (servicing) instructions in the literature accompanying the appliance.

FCC Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is

no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio

or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try

Precautions

WARNING

- Unit
- To reduce the risk of fire, electric shock or product damage,
 Do not expose this unit to rain, moisture, dripping or splashing.
- · Do not place objects filled with liquids, such as vases, on this unit.
- Use the recommended accessories. Do not remove covers
- Do not repair this unit by yourself. Refer servicing to qualified service personnel.

AC adaptor

The power plug is the disconnecting device. Install this unit so that the power plug can be unplugged from the socket outlet immediately.

Small object Keep the batteries out of reach of children to prevent swallowing

CAUTION

- Unit · This unit utilizes a laser. Use of controls or adjustments or performance of procedures other than those specified herein
- may result in hazardous radiation exposure. Do not place sources of naked flames, such as lighted candles,
- on this unit. Some portions of this unit may become hot during use When moving or cleaning this unit, disconnect the AC adaptor and wait for 3 minutes or longer.

Placement

- To reduce the risk of fire, electric shock or product damage, Do not install or place this unit in a bookcase, built-in cabinet or in another confined space. Ensure this unit is well ventilated.
- · Do not obstruct this unit's ventilation openings with newspapers, tablecloths, curtains, and similar items.
- Do not place the unit on amplifiers/receivers or equipment that may become hot. The heat can damage the unit.

Batteries Mishandling of batteries can cause electrolyte leakage and may cause a fire.

- · Danger of explosion if battery is incorrectly replaced. Replace only with the type recommended by the manufacturer.
- When disposing of the batteries, please contact your local authorities or dealer and ask for the correct method of disposal.
- Do not mix old and new batteries or different types at the same time Do not heat or expose to flame.
- . Do not leave the battery(ies) in a car exposed to direct sunlight for a long period of time with doors and windows closed
- Do not take apart or short circuit.
- Do not recharge alkaline or manganese batteries
- · Do not use batteries if the covering has been peeled off. Remove batteries if you do not intend to use the remote control for a long period of time. Store in a cool, dark place

Avoid the use in the following conditions · High or low extreme temperatures during use, storage or

- transportation. Replacement of a battery with an incorrect type.
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- Extremely high temperature and/or extremely low air pressure that can result in an explosion or the leakage of flammable liquid or gas.
- AC adaptor
- This AC adaptor operates on AC between 110 V and 240 V. But U.S.A. and Canada, the AC adaptor must be connected

Insert the batteries to the terminal so that it (
 and
 and

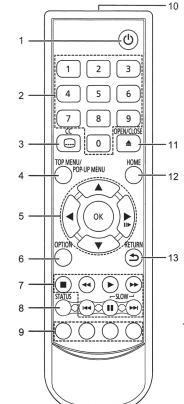

matches those in the remote contro (Batteries Not Included)

To dispose or transfer this unit

- The unit may keep the user settings information in the unit. If you discard this unit either by disposal or transfer, then follow the procedure to return all the settings to the factory presets to delete the user settings
 - Turn the unit on. Press and hold [] on the main unit and the [0] on the remote control at the same time for more than 5 seconds.
- POWER LED starts to flash, and "00 RET" is displayed on the screen Press [▶] (right) repeatedly on the remote control until "08 FIN" is displayed on the screen. Press and hold [OK] for more than 5 seconds.
- . The operation history may be recorded in the memory of this unit.
