2 Prepare to activate your smart TV

What you need (not included)

• **Wireless router**
(needed to connect your TV to the Internet)

• **Computer, tablet, or smartphone**
(needed for setup)

• **Internet connection**
(needed for streaming)

• **Roku account**
(needed to access entertainment across thousands of streaming channels)

Key things to know: A paid subscription or other payments may be required for some streaming channel content. Channel availability is subject to change and varies by country.

Your Roku account

During guided setup, you will be prompted to create your Roku account online. See more information below.

- Roku accounts are free, and while a valid credit card number is not required to create your account, providing your credit card information makes renting and purchasing entertainment from the Roku Channel Store fast and convenient.
- If you choose to save a payment method, you will be able to seamlessly rent content, download channels and subscribe to services without having to enter your credit card information each time.
- A unique PIN can be added to the account to prevent unauthorized purchases.

Tip: Roku does not charge for activation support – **beware of scams.**

3 Plug in and turn on TV
