

NINJA FROSTVAULT^{GO}

814100633

36-CAN COOLER

THE PREMIUM SOFT COOLER WITH

FRIDGE-TEMP

DRY STORAGE

Please read this manual carefully before operating your unit and retain for future reference.

YOUR FROSTVAULT

NINJA FROSTVAULT™ DRYZONE

INCLUDES 2 ICE PACKS

Designed exclusively for extended chill in the Ninja FrostVault™ DryZone.

FOOD'S FAVORITE COOLER™

NOTE: CLEAN BEFORE USE

Accessory type and quantity may vary depending on the model.

PREMIUM DURABILITY BUILT TO LAST

LEAKPROOF ZIPPER

Fully leakproof construction and easy-close zipper.

BUILT TOUGH

Heavy-duty design ensures lasting performance.

PREMIUM COLD RETENTION

Premium closed-cell insulation keeps food and drinks frosty cold for hours.

NO DIG. NO SQUISH. ULTIMATE DRY ZONE.

Ninja FrostVault™ Technology delivers food-safe fridge temps for hours under 40°F. Keeps your food cold, dry, and separate from the main compartment full of ice.

GET THE MOST OUT OF YOUR COOLER

PRE-CHILL

Leave your Ninja FrostVault™ open in a cool space for a few hours before using. For better results, fill with ice. Empty when ready to use, then fill with fresh ice, pre-chilled items, and frozen dry zone ice packs.

PACK EFFICIENTLY & KEEP CLOSED

Fill the cooler completely with ice, food, and drinks. We recommend filling the main compartment with a 2:1 ice to food/drinks ratio. Keep cooler lid closed and keep in a shaded area to retain cold temperatures. Equally distribute food and drinks in the main cooler and dry zone for easiest transportation.

DRY ZONE FILL

Install the ice packs in the dry zone elastic straps then fill completely with pre-chilled food or drinks. **DO NOT** add ice to the dry zone. Keep dry zone closed and zipped when not in use to retain cold temperatures.

KEEP YOUR COOLER CLEAN

Before first use and after each use, clean with warm, soapy water. Rinse thoroughly and dry with a soft towel. Scrub gently on tough spots or stains as needed. Leave open and let air dry fully before storing.

MAINTAINING YOUR ZIPPER

Clean your zipper with warm water after each use to clear dirt and debris.

We recommend repeating this process if your cooler has been stored for a long period of time. Do not ever force your zipper if it feels stuck.
